Billetproof® Clutch Cover Honda CRF250R/RX

Congratulations, you have just purchased the finest clutch cover available. All Hinson Clutch Components are manufactured from T-6 aircraft aluminum with tolerances to aircraft specifications. Used by Team Honda, Team Pro Circuit Kawasaki, Team Kawasaki and Team Suzuki. You can count on all our parts being race and championship proven.

Instructions:

1. Remove stock clutch cover.
2. Inspect the o-ring and install on your new Hinson clutch cover.
3. Readjust your freeplay to have an 1/8-1/4" at the lever and perch.

For the best performance and life from your clutch assembly, we recommend you install new Hinson clutch plates and a petroleum based oil with your new clutch cover. We recommend using petroleum Oil in your transmission, and that you change it after each time you ride. We also recommend you soak your clutch plates before you install them. Use of Kevlar or Carbon fiber clutch plates will cause excessive wear and could void your warranty.

Thank you for purchasing a Hinson Clutch Components product. If you have any questions or need technical assistance, please call us at (909) 946-2942, Monday through Friday between the hours of 7:00AM-4:00PM Pacific Standard Time or check us out at www.hinsonracing.com
