SB268-BRACKET

2006-2007 SUZUKI LTR450 CASE SAVER BOLT AND KICK STARTER IDLER GEAR RETAINER KIT

Congratulations, you have just purchased a new Hinson Clutch Component. Used by Team Honda, Team Suzuki, and Team Pro Circuit Kawasaki, these are the same components in Jeremy McGrath's, Travis Pastrana's, and Ricky Carmichael's race bikes.

Instructions:

1. Remove the oil and coolant from the engine. Next, remove the clutch side case and clutch basket assembly. Use the manufacturer's service manual to remove these parts. Remove the shifter and retainer clip from the left side of the motor. Slide the shifter out of the motor from the right side. Remove the stock bolt from the case that the spring straddles. Reinstall new bolt using blue Loctite in the case. Remove the kick idle gear retainer and replace with new retainer plate. Install nut and two Phillips screws using blue Loctite and torque to manufacturer's specifications in your service manual. Reinstall the shift shaft, retaining clip, spacer and shifter
2. Reinstall the clutch assembly and cover using manufacturer's service manual and replace fluids as recommended by your service manual.

For the best performance and life of your clutch assembly, we recommend you use OEM clutch plates, and that you use a petroleum based oil and that you change your oil after each time you ride. We recommend you soak your clutch plates , in oil, before you install them.

Also available for this model:

- H268 LTR450 Clutch Basket
- C268 LTR450 Clutch Cover
- H238 Inner Hub and Pressure Plate kit
- BTL230 Slipper clutch
- FP230-8 Fiber Clutch Plates

Warranty information

All merchandise manufactured by Hinson Clutch Components is guaranteed against defects in material and workmanship for a period of six months from the original date of purchase. You must register your product at www.hinsonracing.com to activate your warranty. Use of Kevlar and carbon fiber clutch plates will cause excessive wear and will void your warranty. Hinson Clutch Components will not warranty any product that has been modified, or where the product became defective due to improper installation, improper use, or any other misuse of the product. Hinson Clutch Components shall not be liable for any other damages caused by any defects in the product, whether incidental, consequential or otherwise. If your product is defective we will, at our discretion, repair or replace the product after it is returned to Hinson Clutch Components for a warranty inspection. Any request for warranty assistance will require your original receipt or acceptable proof of purchase. Hinson Clutch Components liability is limited to the cost of repair or replacement of the product. All warranty items will be viewed and acted upon at the discretion of Hinson Clutch Components.

Important! Warranty registration

Products must be registered in order to be eligible for warranty. Please log onto www.hinsonracing.com to activate your warranty registration. You will need to make note of your serial number, the small 8 digit number 180 degrees from Hinson Clutch Components on your part, as you cannot register your product without it.

Thank you very much for purchasing a Hinson Clutch Component!
