FSC Clutch Plate & Spring Kit KTM & Husqvarna select models

Congratulations, you have just purchased the finest fiber, steel and spring clutch pack available. Hinson Clutch Components are used by Team Honda, Team Suzuki and Team Pro Circuit Kawasaki.

Instructions:

1. Drain engine oil
2. Remove clutch cover paying attention to the O-ring gasket in the big outer cover and rear brake pedal spring
3. Remove the bolts, spring retainer, spring, spring seat and pressure plate
4. Remove the used clutch stack and OEM pins
5. Reinstall the new Hinson fibers, steels and pins starting with a thin red marked steel plate first. Next a fiber plate, then one of the (6) thicker steel plates alternating fiber steel then ending with a thin red marked steel plate.
6. Reinstall pressure plate and spring seat with the side marked top facing up, the Hinson spring, spring retainer and bolts. Start bolts in the hole with the roman numeral number 3 torquing them to OEM specifications (Note: You may need to push down on the pressure plate slightly to compress the slave cylinder to allow the pressure plate to properly engage the outer steel plate before you bolt up spring).
7. Reinstall clutch cover being sure to reinstall O-ring gasket in outer case and rear brake pedal return spring
8. Refill with engine oil to manufacture's specification.

We recommend petroleum 10w-40 Racing Engine Oil, and that you change it after each time you ride. Also we recommend soaking your clutch plates in oil before you install them.

Warranty information

All merchandise manufactured by Hinson Clutch Components is guaranteed against defects in material and workmanship for a period of six months from the original date of purchase. You must register your product at www.hinsonracing.com to activate your warranty. Use of Kevlar and carbon fiber clutch plates will cause excessive wear and will void your warranty. Hinson Clutch Components will not warranty any product that has been modified, or where the product became defective due to improper installation, improper use, or any other misuse of the product. Hinson Clutch Components shall not be liable for any other damages caused by any defects in the product, whether incidental, consequential or otherwise. If your product is defective we will, at our discretion, repair or replace the product after it is returned to Hinson Clutch Components for a warranty inspection. Any request for warranty assistance will require your original receipt or acceptable proof of purchase. Hinson Clutch Components liability is limited to the cost of repair or replacement of the product. All warranty items will be viewed and acted upon at the discretion of Hinson Clutch Components.

Important Warranty registration

Products must be registered in order to be eligible for warranty. Please log onto www.hinsonracing.com to activate your warranty registration. You will need to make note of your serial number, the small 8 digit number 180 degrees from Hinson Clutch Components on your part, as you cannot register your product without it.

Thank you very much for purchasing a Hinson Clutch Component!
