## FSC Clutch Plate & Spring Kit Kawasaki KX450/450XC

Congratulations, you have just purchased the finest fiber, steel and spring clutch pack available. Hinson Clutch Components are used by Team Honda, Team Suzuki and Team Pro Circuit Kawasaki.

### Crucial Inspection

If your clutch has a jutter spring and seat ring, located at the bottom of your inner hub, this needs to be removed.

Instructions:

1. Drain engine oil
2. Remove clutch plates and springs from packaging (Be sure to soak your fiber plates in a 10w-40 Petroleum based oil before installation).
3. Install (1) of the plates marked blue on tab
4. Install (7) steel plates starting with the (1) thicker steel first, alternating with (3) fiber plates with green ear the angled pads then following with the (3) fiber plates with red ear tab
5. Install (1) blue tab marked plate.
6. Re-install pressure plate, your new Hinson spring, stopper plate, spring bolts and holders being sure to keep the spring as centered as possible while tightening
7. **\*Note clutch may need to be broke in initially to eliminate initial clutch drag also lever may need to be adjusted farther out**
8. Refill with engine oil

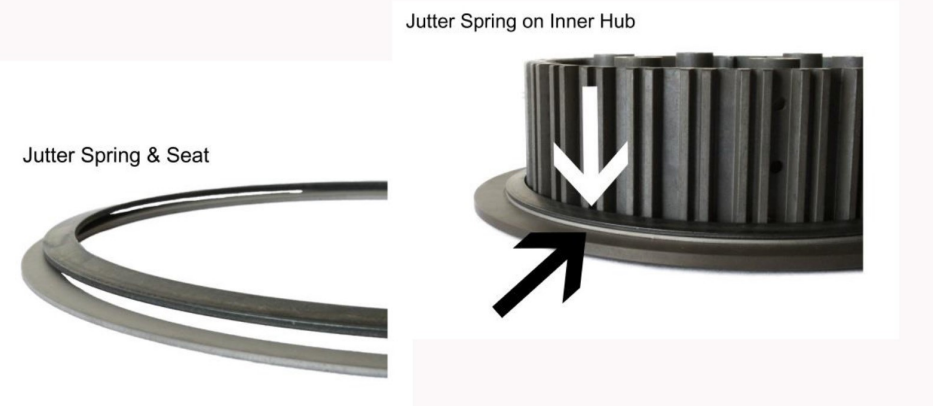

For the best performance and life from your clutch pack, we recommend you use a Hinson clutch basket, inner hub, pressure plate, clutch cover, a petroleum based 10w-40 weight engine oil and that you change your oil after each time you ride.

Thank you for purchasing a Hinson Clutch Components product. If you have any questions or need technical assistance, please call us at (909) 946-2942, Monday through Friday between the hours of 7:30AM-4:30PM Pacific Standard Time or check us out at [www.hinsonracing.com](http://www.hinsonracing.com).

### Crucial Inspection

If your clutch has a jutter spring and seat located at the bottom of your clutch pack against the inner hub, **these both need to be removed.**

## Warranty information

All merchandise manufactured by Hinson Clutch Components is guaranteed against defects in material and workmanship for a period of six months from the original date of purchase. Use of Kevlar and carbon fiber clutch plates will cause excessive wear and will void your warranty. Hinson Clutch Components will not warranty any product that has been modified, or where the product became defective due to improper installation, improper use, or any other misuse of the product. Hinson Clutch Components shall not be liable for any other damages caused by any defects in the product, whether incidental, consequential or otherwise. If your product is defective we will, at our discretion, repair or replace the product after it is returned to Hinson Clutch Components for a warranty inspection. Any request for warranty assistance will require your original receipt or acceptable proof of purchase. Hinson Clutch Components liability is limited to the cost of repair or replacement of the product. All warranty items will be viewed and acted upon at the discretion of Hinson Clutch Components.

Thank you very much for purchasing a Hinson Clutch Component!
