2000-2002 YAMAHA YZ426 INNER HUB

Congratulations, you have just purchased the finest in clutch components. Manufactured from aircraft quality T-6 aluminum with tolerances to aircraft specifications and anodized for improved durability. Used by Team Honda, Team Suzuki, Team Pro Circuit Kawasaki these are the same components in Jeremy McGrath's, Greg Albertyn's, and Sebastian Tortelli's race bikes.

Instructions:

1. Remove stock inner hub from clutch assembly.
2. Re-install Hinson Clutch Components inner hub using all other stock parts.

For the best performance and life of your clutch assembly, we recommend you use Hinson clutch plates, Hinson 10w-40 Engine Racing Oil and that you change your oil after each time you ride. We recommend you soak your clutch plates, in oil, before you install them. Use of Kevlar and Carbon Fiber clutch plates will cause excessive wear and may void your warranty ..

Also available for this model:

T010 Hinson 10w-40 Engine Racing Oil
H100 2000 YZ426F Clutch Basket
H143 2001-2002 YZ426F Clutch Basket
H099 2000-2003 YZ250 Pressure Plate

Thank you for purchasing a Hinson clutch component! If you have any questions or need any technical advice, please don't hesitate to call 909-946-2942 or check us out at WWW.HINSONRACING.COM
