2003 SUZUKI RM250 INNER HUB

Congratulations, you have just purchased the finest inner hub available. Manufactured from T-6 aircraft aluminum with tolerances to aircraft specs and anodized for improved durability. Used by Team Honda, Team Suzuki, and Team Pro Circuit Kawasaki, and Team Yamaha of Troy. These are the same components in Jeremy McGrath's, Travis Pastrana's, and Ricky Carmichael's race bikes

Instructions:

1. Remove stock inner hub from clutch assembly.
2. Re-install Hinson Clutch Components inner hub using all other stock parts.

For the best performance and life from your clutch assembly, we recommend you install new OEM clutch plates, Hinson 80w-80 Racing Transmission Oil, and that you change your oil after each time you ride. We recommend you soak your clutch plates in oil before you install them. Do not use Kevlar or Carbon Fiber clutch plates as they will cause excessive wear and may void your warranty.

Also available for this model:

- T080 Hinson 80w-80 Racing Transmission Oil
- H192 1996-2004 RM250 clutch basket
- H193 2003-2004 RM 250 pressure plate
- C046 2003-2004 RM250 clutch cover

Thank you for purchasing a Hinson Clutch Components product. If you have any questions or need technical assistance, please call us at (909) 946-2942 or check us out at
