H789-IH-0616 REPLACEMENT INNER HUB

Congratulations, you have just purchased the finest inner hub & pressure plate available. Manufactured from T-6 aircraft aluminum with tolerances to aircraft specifications and anodized for improved durability. Used by Team Honda, Team Suzuki, and Team Pro Circuit Kawasaki, these are the same components in Ryan Villapoto, Trey Canard, and Ken Roczen's race bikes.

Crucial Inspection

If your clutch has a jutter spring and seat ring, located at the bottom of your inner hub, this needs to be removed

Instructions:

1. Drain engine oil.
2. Remove stock assembly.
3. Install the new Hinson clutch components inner hub, being sure to torque to your manufacturers specification then bend the lock washer tab over.
4. Reinstall your clutch stack being sure to align the four slots on the steel plates all through the clutch stack.

5. Install your new HINSON pressure plate being sure to line up the timing mark on the pressure plate above the Hinson logo with the mark on the inner hub.
6. Install clutch springs and bolt, torquing them to manufacturers specifications.
7. Install clutch cover, be sure to inspect the o-ring first.
8. Refill engine with oil and adjust freeplay to 1/8-1/4"

For the best performance and life of your clutch assembly, we recommend you use Hinson clutch plates, Use petroleum based 10w-40 engine oil and that you change your oil after each time you ride. We recommend you soak your clutch plates , in oil, before you install them. Use of Kevlar and Carbon Fiber clutch plates will cause excessive wear and may void your warranty .

- Visit HinsonRacing.com for more parts available for this model.

Thank you for purchasing Hinson Clutch Components. If you have any questions or need technical assistance, please call us at (909) 946-2942 or check us out at WWW.HINSONRACING.COM

Warranty information

All merchandise manufactured by Hinson Clutch Components is guaranteed against defects in material and workmanship for a period of six months from the original date of purchase. You must register your product at www.hinsonracing.com to activate your warranty. Use of Kevlar and carbon fiber clutch plates will cause excessive wear and will void your warranty. Hinson Clutch Components will not warranty any product that has been modified, or where the product became defective due to improper installation, improper use, or any other misuse of the product. Hinson Clutch Components shall not be liable for any other damages caused by any defects in the product, whether incidental, consequential or otherwise. If your product is defective we will, at our discretion, repair or replace the product after it is returned to Hinson Clutch Components for a warranty inspection. Any request for warranty assistance will require your original receipt or acceptable proof of purchase. Hinson Clutch Components liability is limited to the cost of repair or replacement of the product. All warranty items will be viewed and acted upon at the discretion of Hinson Clutch Components.

Important! Warranty registration

Products must be registered in order to be eligible for warranty. Please log onto www.hinsonracing.com to activate your warranty registration. You will need to make note of your serial number, the small 8 digit number 180 degrees from Hinson Clutch Components on your part, as you cannot register your product without it.

Thank you very much for purchasing a Hinson Clutch Component!
